Dear Member

I received the disappointing news (see email copy below) from the president of the Kings Point Lawn Bowling Club that their board of directors have decided against us playing at their club. This was a real surprise as their property management had approved us to play!

Michael Toll  
SLBC President

Michael, It is with regret that I have to inform you.

Our Bowling Club conducted a Board Meeting today to discuss and consider your clubs appeal for temporary memberships.

After lengthy discussion our nine board members voted (by majority vote) not to accept outside residents (other than Sun City Residents) to play as members or visitors.

We do understand and sympathize with your situation and wish you well for when your new green is ready.

Dave White. President KPLBC
